Ladies and Gentlemen:

**Announcement: Nomination Period Opens for Standard Drafting Team**

**The Standards Committee announces the following standards action:**

**Nominations for Project 2007-11 — Disturbance Monitoring Standard Drafting Team (June 12–25, 2007)**

The Standards Committee is seeking industry experts to serve on the Disturbance Monitoring Standard Drafting Team ([Project 2007-11](#)). If you are interested in serving on this team, please complete this [nomination form](#) and return it to [sarcomm@nerc.net](mailto:sarcomm@nerc.net) with “DME SDT Nomination” in the subject line by **June 25, 2007**. For questions, please contact David Taylor at 609-651-5089 or [dave.taylor@nerc.net](mailto:dave.taylor@nerc.net).

The drafting team will hold its first meeting August 7–9, 2007. This project involves upgrading the overall quality of the two standards below; eliminating some gaps in the requirements; and eliminating some “fill-in-the-blank” components:

- PRC-002 — Define and Document Disturbance Monitoring Equipment Requirements
- PRC-018 — Disturbance Monitoring Equipment Installation and Data

## Standards Development Process

The [Reliability Standards Development Procedure](#) contains all the procedures governing the standards development process. The success of the NERC standards development process depends on stakeholder participation. We extend our thanks to all those who participate. If you have any questions, please contact me at 813-468-5998 or [maureen.long@nerc.net](mailto:maureen.long@nerc.net).

Sincerely,  
***Maureen E. Long***
