

Renewable Integration (SE-91)

Centralized Forecasting

Agenda

Date: October 21, 2011	Time: 10:00 am – 12:00 pm
Location:	Webinar/Conference Call
Meeting Sponsor:	Len Johnson, Business Lead – Renewable Integration Initiative
Meeting Chair and Facilitator:	Jordan Penic, Account Manager, Customer and Stakeholder Relations

Meeting Objectives: To explain and walk through the requirements for the new Centralized Forecasting service, and outline the timelines for implementation and participation of wind and solar facilities of 5MW or greater.

Action required: Participants are encouraged to review the material and discussions from the [Visibility Technical Working Group](http://www.ieso.ca/imoweb/pubs/consult/se91/se91-20110512-VTWG_Summary.pdf), specifically the final summary document:
