

Agenda

Date: May 16, 2012	Time: 9:00 am – 12:00 pm
Location:	Mississauga
Meeting Sponsor:	Darren Finkbeiner, Manager - Market Development
Meeting Chair:	Gordon Drake – Supervisor, Renewable Integration Initiative
Facilitator:	Jordan Penic – Account Manager, IESO
Scribe:	Jo Chung, Market Development

Meeting Objectives: The working group will review current IESO dispatch processes and discuss future requirements for variable generators. Discussion will be focused on determining how current processes may need to evolve to accommodate the technical limitations of wind and solar generators in areas such as compliance deadbands, an update on dispatch mechanics, and a historical analysis of dispatch frequency. Group members will also review market rule timelines.

Action Required: Attendees should review the materials for the meeting which are posted at http://www.ieso.ca/imoweb/consult/consult_se91-DTWG.asp, and be prepared to participate in a discussion. Attendees are also encouraged to coordinate feedback from their industry colleagues.
