

## Agenda

<b>Date:</b> February 13, 2012	<b>Time:</b> 9:00 am – 12:15 pm
<b>Location:</b>	Mississauga
<b>Meeting Sponsor:</b>	Darren Finkbeiner, Manager - Market Development
<b>Meeting Chair:</b>	Gordon Drake – Supervisor, Renewable Integration Initiative
<b>Facilitator:</b>	Jordan Penic – Account Manager, IESO
<b>Scribe:</b>	Jo Chung, Market Development

Meeting Objectives: The working group will review current IESO dispatch processes and discuss future requirements for variable generators. Discussion will be based around how current processes may need to evolve to accommodate technical limitations of wind and solar generators in areas like compliance deadband, congestion management settlement credits, and other dispatch mechanics.

Action Required: Attendees should review the materials for the meeting which are posted at [http://www.ieso.ca/imoweb/consult/consult\\_se91-DTWG.asp](http://www.ieso.ca/imoweb/consult/consult_se91-DTWG.asp), and be prepared to participate in a discussion. Attendees are also encouraged to coordinate feedback from their industry colleagues.
