

Seal Expiry – Update

- 789 Meter Installations undergo seal expiry in 2003/2004 (415 in 2003 and 374 in 2004)
- 254 Meter Installations have been upgraded to date (176 – 2003 and 78 – 2004)
- 532 Meter Installations still need to be upgraded
- 106 MMP's still need to complete upgrades

Market Rule Amendment MR-00279

- HONI as the contractor will replace some meters L4L
- These meters lose their registration 31 Dec 2004.
- MMPs will be in non-compliance
- MR-00279 allows the IMO to settle using these meters – does not change the obligation to upgrade

IMO Public Meetings

- The IMO will hold public meetings in Toronto, Ottawa, London & Thunder Bay
- Explain MR-00279 and that the obligation to upgrade remains
- MACD will lay out the consequences of non-compliance
- Notices will go out to MMPs inviting them to the meetings
