

IT MEC Public Consultation

- The IESO has decided to hold a public consultation on whether to apply an IT MEC to legacy ITs that do not comply with 0.3 ANSI
- Dates are:
 - Issue consultation Monday 29th Aug
 - Conference call Thursday 1st Sep to answer questions
 - Close Friday 9th Sep
- Details on IESO consultation website

Consultation (continued)

- **Three options given**
 - A. Full MEC applied
 - B. Partial MEC applied
 - C. No MEC applied
- **Participants are requested to email me their choice of option with comments if they so wish.**
- **Participants may select more than one option, but they should indicate their preference.**
- **All information is public – comments and commentator may be identified.**

Next Steps

- Results will be published with “for and against” arguments.
- The IESO will take the results into account in formulating the final position.
- Likely the final position will be taken to the Technical Panel for endorsement.
- Manuals will be changed to reflect the new position (if it changes).
