

Stakeholder Engagement Initiatives Involving Intertie Traders

IJT Standing Committee
February 5, 2009
Guy Springgay

All open stakeholder engagement initiatives

Plan #	Stakeholder Engagement Plan Name	Status	Sponsor
SE-45	Economic Dispatch of Linked Wheel Transactions	Working group of traders from the Inter-Jurisdictional Trading Standing Committee. Target recommended design to Panel in 1st Quarter of 2009.	Don Trench
SE-57	Embedded Generation	A meeting is being held on February 10 to discuss and gather stakeholder feedback on the proposed expanded scope of the embedded generation initiative. An update on the next steps on the performance standards and the connection assessment process will also be provided.	Darren Finkbeiner
SE-61	Exploration of Enhancements to Dispatch Methodology and Processes	An RFP for a third party consultant will be going out shortly. This is to help us with a review of the DSO, to look at what are causes of erratic dispatches and what are possible solutions. Included will be a review of other Markets and how have they solved similar problems	Don Trench
SE-67	Review of Operating Reserve and Market Schedule Practices & Policies	Discussion paper to be posted in 2nd Quarter 2009 and presentation to the Market Pricing Working Group after the paper has been posted.	Darren Finkbeiner
SE-68	Transmission Rights Market Review	Discussion paper to be posted in 2nd Quarter 2009.	Darren Finkbeiner

All open stakeholder engagement initiatives

Plan #	Stakeholder Engagement Plan Name	Status	Sponsor
