

Device Seal Expiry

Revenue Metering Standing Committee Meeting Oct 8, 2009
Neill Wong, Settlements, Metering Installations

- MSPs are requested to submit in November their listing of meter device seal expiry data for each new calendar year.
- IESO will utilize to compare the MSP submitted listing with the IESO metering database
- IESO will utilize data as work load planning tool for Hotline Ticket activity

- Submission in electronic file format (i.e. MS Excel)
- The seal expiry data fields to include:
 - Meter Point ID
 - Meter Device ID No. (aka badgeplate no., inspection no.)
 - Seal Expiry Year (i.e. 2010)

- MSPs to also include any planned meter change-out works which involve:
 - TCPIP conversions
 - Metering installation upgrades
 - Major facility/equipment capital initiatives
